At Skyline Endoscopy Center we understand that the safe management of your medications may be a challenge and we can provide assistance. In fact, it is something we take very seriously. We join with your physician in developing systems that assure that your next provider of care has full knowledge of your current medications. This allows safe administration of new drugs and avoiding duplication of drugs or dangerous drug interactions.

***We call this “Reconciliation”...We think this is Important...and so should you!***

You can help us by completing this form before you come to the Center. After your procedure is completed a copy of this form will be handed back to you with additional medications you received during your stay at the Center or that were prescribed for you on discharge.
